

# **Department of Defense**

## **Enterprise Architecture Congruence Community of Practice (DoD EAC CoP)**

### **Close Out Briefing November 7, 2005**

**Roy Mabry  
In collaboration with the  
DoD EA Congruence Community of Practice  
October 2003 - April 2005**

*Power to the Edge*

# What We Were Asked to Do

- **The DoD EAC CoP was formed as a temporary body in Oct 2003 upon the request of BMMP and Service representatives to address the following issues:**
  - **Can the DoD EA be mapped to the FEA?**
  - **If so, what is the process for maintaining the mapping?**
  - **What process and policy implications are there?**

*Power to the Edge* [www.dod.mil](http://www.dod.mil)

# Why

- **OMB requires proof of alignment of Dept/Agency Architectures with FEA;**
- **OMB requires alignment be shown in IT300 Exhibits for IT Investments;**
- **DoD Architectures do not align with FEA;**
- **DoD needed to figure out how to align;**
- **Alignment retains Executive authority over DoD IT decision making.**

# Who Contributed

## DoD EA C CoP

### Chair

- *Roy Mabry, DoD CIO*

### Production Manager

- *Marilee Cunningham, IDA*

### Vice Chair

- *Mark Webb/Marilyn*
- *Fleming, BMMP*

- *Robert Lewis, DON*
- *Mark Baehre, Air Force*
- *Scott Bernard, Assistant Professor and Director, Washington DC Programs School of Information Studies, Syracuse University*
- *Robert Mylls, BMMP/IBM*
- *Phil Homan, Senior Architect, BMMP/IBM*
- *Norm Minekime, BMMP/CSC*
- *Robert Damashek, Binary System Army*
- *'Goheen, Craig', IC, GD-AIS*
- *Lynn Fahnestock, GCSS/SRA*
- *Liesel R. Muth, SOCOM*
- *Dr, Paula Hagan, MITRE*
- *Mogana Richards, ISD, Office of DoD CIO*

Power to the Edge [www.dodcio.mil](http://www.dodcio.mil)

# What We Did

- **The results:**

- **Determined it is feasible to align with the FEA RM;**
- **Organized the alignment around DoD Mission Area;**
- **Mapped alignment to FEA RMs**
- **Created and published a set of DoD EA RM proving the alignment in v.01-03;**
- **Developed a process for maintaining the DoD EA RM alignment based on work required to publish v.04;**
- **Made policy and process recommendations that improved EA section of IT 300 Exhibits;**
- **Developed policy recommendations;**
- **Published many related documents, e.g., *Lessons Learned***
- **Posted results at: <http://www.dod.mil/nii/> click on “Frequently Requested Links”.**

*Power to the Edge* [www.dod.mil/nii/](http://www.dod.mil/nii/)

# What Next?

- **DoD EAC CoP has finished its work;**
  - Recommend DoD EA Summit review and adopt recommended maintenance process;
  - Recommend DoD EA Summit review and adopt federated policy recommendations;
  - Recommend DoD EA Summit form and resource a organization to put reference models under configuration control;
  - Recommend DoD EA Summit form and resource a organization to make any revisions to the recommended maintenance policy and process.
